

**VALUES**

THAT UNITE US

# A VISION

THAT DRIVES US

*Our shared values unite  
and guide us.*

*We put people at the centre of  
everything we do, and we're committed  
to inspiring our customers with  
happy employees.*

# AN ATTITUDE

THAT MOVES US

*We are honest and open. Mutual respect and trust guide our thinking and our actions.*

As a family-run company, we create an environment in which we work with pleasure and passion, where we feel confident and where we can grow. We see our business as a living system that embraces change as an opportunity. We are aware of our responsibility towards our employees, our customers, society and the environment. We live up to this responsibility by acting conscientiously.

# GOALS

THAT ACCOMPANY US

## *Happy employees*

Satisfied employees are the driving force behind our company. Our commitment and professional skills are essential if we are to meet our customers' high expectations. We encourage resourcefulness, personal initiative and independent action.

We share responsibility in trusting cooperation. Training and development opportunities open up new perspectives for us. Together we go further.

## *Enthusiastic customers*

We maintain long-lasting relationships with our customers. They are built on reliability, solidarity and a objective dialogue. Our customers' trust is our most precious asset. We recognise this and earn it through competence and outstanding performance.
